

FRUITS AND VEGETABLES

TERRAMORE

MADE IN ITALY

A close-up photograph of a person's hand holding a handful of dark, porous, reddish-brown volcanic soil. The soil is crumbly and has a rough, irregular texture. The background is a vast field of the same soil, stretching towards the horizon under a clear sky. The lighting is bright, highlighting the texture of the soil and the skin of the hand.

About us

Terramore

is a cooperative of
producers specializing in
the cultivation of fruits
and vegetables in Italy.

We are farmer.

Terramore is formed by 41 companies associated and is developed on 430 hectares, of which 170 in protected crops and 270 in open-field. We have 70 hectares dedicated to organic agriculture.
